

Registration

Our school houses an early immersion program with entry points at the Nursery, Kindergarten and grade 1 levels only. Students from other French Immersion programs in grade 2 to 8 are accepted as well. Children must be four years old on or before December 31st to enter Nursery and children must be five years old on or before December 31st to enter Kindergarten. Every new parent/guardian that comes to the school can get a tour of the school and meet with the principal to get further information about the program and the school.

There is an orientation session in May every year for all new and interested parents of students in Nursery and Kindergarten.

Please be sure to register early to avoid disappointment.
