Description:

Teachers familiar with using interactive white boards in their classrooms will meet to create learning activities to facilitate their students working interactively with whiteboards. The focus will be to create a learning community of educators to share learning experiences, assessment for learning strategies, classroom management tips and to create valuable learning resources for students. Teachers may choose three of the sessions.

Limited substitute coverage is available. Please indicate your request for a substitute on the registration form.

Participants are requested to bring an empty USB memory stick (2 GB minimum) to take away activities.
